

***From the Pastor's Desk***  
***January 29, 2012***

Across the country, this week we celebrate *Catholic Schools Week* (CSW). In Chico, we begin CSW with the 9 am Mass this Sunday and extend our celebration to next Sunday, February 5<sup>th</sup> with a Mass at Our Divine Savior Parish. For the last 84 years, Notre Dame School has seen thousands of young students pass through her doors and go out into the world to contribute in many fruitful ways to society, culture and the Church. During CSW, we give special thanks for the dedication and gifts of the students, parents, teachers and staff who have made Notre Dame School such a wonderful school of learning. Like any excellent school, NDS students learn many lessons about everyday life as well as life's scientific, historic, theological, mathematical and all the other truths! Above all, during CSW we want to give thanks to God for our school and we pray that Notre Dame School continue to thrive and flourish---spiritually and materially---according to God's will for His greater honor and glory!

Christ's peace,  
*Father Berg*
